Rev. Dear Sir,

I read with great pleasure your letter, in which you told me that you would readily accept the 1000 crowns, offered from the part of the Hungarian Unitarian Churches for the expenses of erecting a new Unitarian chapel in Christiania. I forward to-day this sum by a bank at Kolozsvár to you, whose address I handed over to it. I hope, the money will reach you safely very soon. May it serve for a tie of that brotherly feeling, that connects us to you and undoubtedly you to us, and which tie has been kept up between our English and American brethren for many years now in regards to the cause of our common aim and endeavour in spreading by Unitarianism brighter

and more liberal religious ideas.

With kindest regards I am

Yours very truly

Joseph Ferenczy

bishop of the Hungarian Unitarian  
Churches.
